

January 9, 1996 LB 414, 1082, 1107

SENATOR WILL: Thank you, Mr. Clerk. We now move to a motion to withdraw LB 1107 and the Chair recognizes Senator Lindsay.

SENATOR LINDSAY: Thank you, Mr. President and members. I would move to withdraw LB 1107. The reason for it is LB 1082 is an identical bill. It's word for word identical to this bill that's been introduced by Senator Maurstad and those, I think, people who were going to cosponsor LB 1107 are going to cosponsor LB 1082 and so it doesn't make any sense to have all the printing and additional hearing and all that kind of stuff on two bills which are identical. So with that I'd move that the bill be withdrawn.

SENATOR WILL: Thank you, Senator Lindsay. Any discussion on the motion to withdraw LB 1107? Seeing none the question is the granting of the motion to withdraw LB 1107. All in favor vote aye, opposed no. Record. Senator Chambers, for what purpose do you arise?

SENATOR CHAMBERS: Record vote. I could still get my vote in. We haven't gone past the point where that could be asked for?

SENATOR WILL: That's right.

SENATOR CHAMBERS: And it's LB 1107?

SENATOR WILL: Right.

SENATOR CHAMBERS: Sorry about being late, but the only reason he's withdrawing it 'cause it has the same number as my office number. (Laughter)

SENATOR WILL: Thank you, Senator Chambers.

CLERK: 25 ayes, 0 nays, Mr. President, on the motion to withdraw LB 1107.

SENATOR WILL: The motion is adopted, LB 1107 is withdrawn. We now move to General File, LB 414.

CLERK: Mr. President, LB 414 was discussed yesterday by the Legislature. It's a bill originally introduced by Senators Withem and Day. Relates to nurse practitioners. The committee amendments, as offered by the Health Committee, were considered
